Yes, but I think we're pretty much done talking for now. Unless you want? Let me know. Meanwhile here's a quick outreach communication strategy. Nothing beyond putting it in the fed. reg. and issuing a responsiveness summary is really required for community involvement in a deletion. But here's my ideas on what we ought to do anyway. Let me know what you think. I also added some messages in case a manager or RA wants those on Friday..

I also attached a backgrounder in case a manager or the RA wants some background in addition to messaging on Friday or something like it...

And then, of course we have the FAQs to share around if a manager or the RA wants more....

We could try Skype audio. You may have better luck that way.
